Rules about Online Practice Test

Participants can download a password protected Sudoku booklet 24 hours before the test. After the Practice Test starts, participants can login and click on "Start". At this point the password for the pdf will be displayed. Participants have 2 options to solve the Sudokus
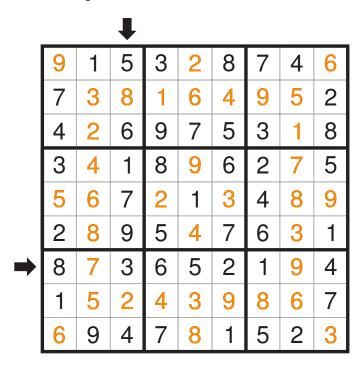

1. Solve online using LMI flash interface.
2. Print the pdf, solve on paper, and enter only the answer keys.

However, submission is allowed only using LMI flash interface. Email or any other mode of submission is not allowed.

Each Sudoku will be marked with one row and one column. The Sudoku will be marked correct if these marked cells are entered correctly. Each Sudoku has a "Submit" button. Please ensure that you click on "Submit" after filling the marked cells.
